Dear LivingWaters church,

We acknowledge the importance of raising children in the nurture of a Christ-centered home, including being part of a church that teaches Godly values. We also acknowledge the ministry potential in adoption, drawing a child from a culture where the opportunity to hear and experience the love of our Savior Jesus Christ is remote.

We see \_\_\_\_\_ & \_\_\_\_\_ (husband & wife) as a Christ-centered couple and we are aware of their desire to be Godly parents intending to adopt a child through the \_\_\_\_\_ agency. Based on what we know of the family's financial condition, we would like to suggest that LivingWaters church consider them for a monetary grant.

We are aware that the R.O.C.K. Ministry Grant Team is supporting other couples in the process of adopting. Based on what we know of this family's financial condition, we would like to suggest that LivingWaters church consider this couple for a monetary grant from the R.O.C.K. ministry fund.

Sincerely,

---
