## Healthy Classroom Protocol

Especially when the winter weather approaches, but also all year long, illness can spread through our classes, and in order to find the right balance of healthy classrooms (particularly Nursery and Preschool) where we get as many chances as possible to express the good news of Jesus, we encourage Parents to:

1. Monitor each child's health for any of the following symptoms within the past 24 hours:
  - a. Diarrhea
  - b. Vomiting
  - c. Fever
  - d. Rash
  - e. Non-clear runny nose
2. We welcome any child who is healthy and happy. In order to ensure the health of other children and workers, please refrain from bringing your child into the classroom if he/she has the above.
3. If your child has been on an antibiotic, please wait 24 hours or until any nasal discharge is clear.
4. If your child is here at church with you and displaying some of these symptoms, we offer an alternative of sitting with them in the commons.
  - a. There you can sit near the monitor to hear the sermon
  - b. We will provide a couple of age appropriate toys
  - c. we will sanitize the toys before we return them to the classroom.

Thank you for helping us provide healthy classrooms for our attenders, servants, guests, and their children. If there are questions, please call Paul Emanuelson: 612.695.3412, or Gina Stewart: 952.200.5134, or Kim Phillips: 612.272.1925 for input.
